A: Research Students Supervised (MSc Level)

1992-1993	Assessment of physical and psychological problems of dialysis patients and the effect on an educational plan on reducing of their physical problem(co-supervisor)
2000-2001	coping strategies used by parents of children with cancer in Shiraz (Co-supervisor)
2000-2001	Stressors and coping strategies of nursing students-Shiraz
2001-2002	The relationship between mental health and academic achievement of nursing students
2001-2002	The effect of teaching on anxiety level of patients undergoing coronary Bypass in Nemazee Hospital (co-supervisor)
2003-2004	The relationship between domestic violence, pregnancy complication and kind of delivery in women after delivery (co-supervisor)
2003-2004	The effect of group psychotherapy on life quality of depressive patients
2004-2005	The effect of psycho-educational intervention on life quality of cirrhosis patients
2006-2007	The effect of group reminiscence therapy on depression of elderly clients in Shiraz Jahandidegan Center
2006-2007	The effect of psycho-educational intervention on anxiety and pain of children undergoing Day-case tonsillectomy
2007-2008	The effect of teaching on anxiety level and satisfaction of patient's family with head trauma (co-supervisor)
2007-2008	The effect of peer-led instructional program on high school female student's knowledge about stress management skills (advisor)
2007-2008	The effect of psycho-educational intervention on nurses with job burnout in the hospitals affiliated to Shiraz University of Medical Sciences (co-supervisor)

2007-2008	The effect of peer education on life quality of patients with breast cancer (supervisor)
2009-2010	The effect of cardiac rehabilitation on depression of patients undergoing coronary artery bypass Surgery
2009-2010	The effect of cognitive behavior therapy on Depression of diabetic patients
2009-2010	The effect of psycho-educational intervention In Family on psychiatric symptoms of Schizophrenic patients
2009-2010	Effect of self-management on coping skills of Diabetic children. (Co-Supervisor)
2011-2012	The Effect of Guided Reflection on Test Anxiety in Nursing Students
2011-2012	Effect of pain management on quality of life of cancer Referred to chemotherapy of Nemazee Hospital-Shiraz (supervisor)
2012-2013	The effect of conflict resolution on marital satisfaction
2012-2013	The effect of teaching emotional intelligence items on Mental health and coping style of nurses working in special wards
2012-2013	The effects of discharge plan on stress, anxiety and depression in patients undergoing percutaneous transluminal coronary angioplasty
2012-2013	Comparison of Personality Traits, Coping Styles, and Psychiatric Disorders in Adult Suicidal and Non-Suicidal Individuals
2013-2014	The effect of stress management program using cognitive behavior approach on mental health of the mothers of the children with attention deficit hyperactivity disorder
2013-2014	The Effect of Family-Centered Psychoeducation on Mental Health and Quality of Life of Families of Adolescents with Bipolar Disorder Referred to Medical Centers Affiliated to Shiraz University of Medical Sciences; A Randomized Controlled Clinical Trial

B: Research Students Supervised (PhD Level)

1998-2003	Designing and evaluating of an ethical nursing models (co-supervisor)
------------------	---

2002-2007	Designing a comprehensive model based on the lived experience of families with mentally ill patients
2007-2010	The process of clinical decision making in nursing students and designing a model(finished Feb.2010)
2008-2011	The process of disease management in epileptics patients: Development of a care model
2010-2012	The process of caring in Alzheimer patients (Development of a care model)
2011-2012	Improvement of Team work in Trauma centers: An action research
2011-2012	The process of patient confrontation with Angiography
2012-2013	The process of social support in hemodialysis patients
2012-2013	The process of Belonging in Nursing students
2013-2015	Lived experience of patients with ICD
2014-2015	Pathways to suicidal behavior among adolescents, A qualitative study

Research Interests

Quality of life, Life style, Qualitative research. Research on education, Decision making, Mental Health, Elderly Health, rehabilitation, psychiatric nursing research

Memberships:

- *Iranian Nursing Council (From 2003-present)
- *Prevention of Early Psychosis Association (From 2001)
- *International honor society of Nursing-Canada (from 2005)
- *Nursing scientific journal
- *Iranian Nursing Board in Ministry of Health
- *Psychology and Counseling Organization of I.R. Iran
